Nirandika Jayawardena stands as one of Sri Lanka's most accomplished educators, combining exceptional academic excellence with a distinguished teaching career spanning over 15 years. His academic journey began with remarkable early promise at St Anne's College, Kurunegala, where he achieved the highest results in the Grade 5 Scholarship Examination. This early success set the foundation for a consistently brilliant academic career. In 2005, he excelled in the G.C.E. Ordinary Level examination, securing 10 'A' passes along with a District Rank, demonstrating his comprehensive mastery across all subjects. His outstanding performance continued at Advanced Level, where he secured **2nd place in the Kurunegala District and 11th position Island-wide in the Mathematics stream in 2008**. This achievement paved the way for his admission to the prestigious University of Moratuwa, where he graduated in **2014 with a First Class degree in Chemical Engineering, earning recognition as a Dean's List member**. Today, Nirandika Jayawardena has established himself as a prominent and renowned Chemistry lecturer in Sri Lanka. His 15-year teaching career is marked by extraordinary results, having produced an **Island 1st student and guided over 140 students to achieve super ranks in national examinations**. His dedication to academic excellence and proven ability to nurture top-tier talent has made him a highly respected figure in Sri Lanka's educational landscape, inspiring countless students to reach their full potential.
